

Southeast Spokane County Fair Association Fundraiser

For 72 years, the Southeast Spokane County Fair has been part of the North Palouse area. It is still strong and promises to be even better every year. The food booths, used by local non-profit groups, were constructed in 1947 and no longer meet health codes. In our effort to replace them, we applied for and received a grant from the Washington State Department of Agriculture for \$90,000. The removal and construction of a new building will exceed the amount of the grant. An estimated \$60,000 is required to finish this project. While this is a daunting number, we are confident that we can meet this goal.
